

JOIN THE NEW INDIA CHAPTER OF THE AQUACULTURE ENGINEERING SOCIETY (AES), USA

We are thrilled to announce the establishment of the India Chapter of the Aquaculture Engineering Society (AES), led by Prof. Michael Ben Timmons, Prof. Emeritus of Cornell University, USA, and President of AES, USA. Under his leadership at AES, USA, the AES India Chapter aims to bring together professionals, farmers scientists, professional graduates and corporate leaders in aquaculture to advance engineering solutions, foster collaboration, and support sustainable aquaculture development in India.

Why Join the AES India Chapter?

- Connect with a global network of aquaculture experts and thought leaders
- Access the latest research, innovations, and technologies in aquaculture engineering
- Collaborate on projects that drive sustainable aquaculture practices
- Participate in exclusive workshops, training programs, and seminars
- Grow professionally and make a meaningful impact in the aquaculture industry

Membership for 2025?

- a) Individual Members (100 Members):
Free for the year 2025 for the first 100 registrations!
- b) Corporate Members (10 Members):
Annual membership fee: Rs. 8,500 (100 \$)
Additional opportunities for branding, networking, and showcasing your company's initiatives.

Who Can Join?

- Aquaculture Farmers: Enhance farm productivity through innovative engineering solutions.
- Farm Engineers & Aquaculture Scientists: Collaborate on cutting-edge research and development projects.
- Corporate Entities: Strengthen industry partnerships and drive impactful growth.
- Professional Fisheries Science & Fisheries Engineering graduates.

How to Join?

- Be among the first 100 individuals and 10 corporate members to shape the future of aquaculture in India!
- Membership is 'FREE' for individual and for corporate members at an affordable cost. So don't miss this exciting opportunity.
- For Registration: visit the website www.aesweb.org
